

FLAT

FILE

SALE

6/23 - 6/27

KITSON

## PRICING:

Works are priced by medium, subject, and scale. All work is substantially discounted for the duration of this flat file sale with the hopes that each work will find a new home and be enjoyed. After the sale ends (last day is Saturday, 6/27), the work will return to its standard price, in many cases a 50% or more increase.

## SHIPPING:

If the artwork is under 16x20", I ship my work flat and well protected using foam board and glassine, packaged in a plastic all-weather shipping bag. If the work is larger, I ship it rolled in a tube.

I will combine shipping costs- if you purchase a number of these works on paper, they can be safely packaged together and sent without any trouble. If you purchase up to 4 pieces that are 16x20 or under, the fee is \$15 for the package. More than that and the weight can change, so the shipping fee will raise to \$20.

Works that are packed and shipped in a tube that are larger than 16x12 will cost \$30 to ship. I can combine multiple drawings into a single tube, spaced by glassine for protection (up to 3 drawings per tube.)

All orders that are mailed out will have tracking so we can keep tabs on our shipments.

## PURCHASING:

All inquiries will be handled through email on a first-come-first-served basis, and all sales must be completed through paypal or zelle. A link to either option will be provided once the total price, including shipping has been quoted. Once somebody has committed to purchase artwork(s), the art will be on hold until the buyer sends the money through either payment option.

Artworks cannot be on hold for more than a period of eight hours. All sales are final.

Please email me with the art ID numbers that you wish to purchase along with the total cost. I'll confirm that the artworks are available, their cost, and the shipping fees. I'll also send along links to my paypal or zelle at that time.

Please do not pre-pay before getting this email from me: the artworks may already have sold or may be on hold for somebody else.

My email address for this sale is:  
ekitson+flatfile@gmail.com

## How Images Are Displayed:

I've chosen to show off the image rather than scale the artworks accurately to each other by size. Please note the size of each work listed under the images. The height is always listed first, and all measurements are in inches. Please note there may be more or less surrounding white-space around the drawn image on the surface. I'll let you know this if a piece you're inquiring about has a good deal of "dead space" on the surface and would benefit from cropping.

## Sizes are Approximate:

Almost all of these works are on paper (Hotpress watercolor papers, Drawing papers, Oil paper, etc) and may have borders that aren't square, but will frame up nicely, especially in a matt. For example, oil demonstrations that are listed as ~12x16" may have an un-even boarder around the image where the tape secured the work to the easel.

Some surfaces aren't perfectly square or have torn edges, this is the product of being a "studio surface" - one that I use for studies and sketches. These imperfect edges sometimes add charm (in my opinion), and can be cropped out with the use of a matt board. Other works may have a vignettted boarder of oil paint marks or "whitespace" and could benefit from cropping how you see fit. Once you receive your purchased artworks, you have my blessing to frame and present them however you'd like, including cropping out non-image areas of the artwork if you so choose (and please send me photos if you do end up getting them framed!)

Please let me know if you have any questions!
